

Big Country Electric Coopertative, Inc.

What is Operation Roundup?

Big Country Electric Cooperative, Inc. has initiated Operation Roundup to allow the cooperative and its members to partner together to provide financial assistance locally. This program is supported by members who choose to “roundup” their electric bill to the nearest dollar. The change will then be moved into the Big Country Electric Cooperative trust fund for distribution of funds to individuals and organizations for charitable purposes only in the counties served by Big Country Electric Cooperative, Inc. This contribution is per meter and will never be more than .99 cents per meter a month. Applications will be evaluated and funds will be disbursed by the Trust’s Board of Directors. The board consists of your peers and neighbors, who volunteer their time, hearts and consideration to making decisions that will positively impact lives in our community. Food banks, shelters, health needs, rescue organizations, and child care programs are just a few of the ways that your small donation can positively impact and strengthen our communities’ right here at home. You will be kept informed on the status of the Trust: how much is collected, and where the funds are being used. REMEMBER that all funds are kept separate from the cooperative and your contributions are tax deductible.

By signing this, I am agreeing to participate in Operation Roundup. I understand that until I notify Big Country Electric otherwise I will remain an active participant. Thank you for your generosity and we are excited to see the positive impact your donation will have in our communities!
